

Buscamos investigadores/as para incorporarse al IIS-Princesa a través del programa Miguel Servet

Buscamos:

Investigadores/as doctores/as con potencial para dirigir líneas propias de investigación básica, traslacional y/o clínica y dinamizar una o varias áreas del Instituto de Investigación Sanitaria La Princesa.

Requisitos:

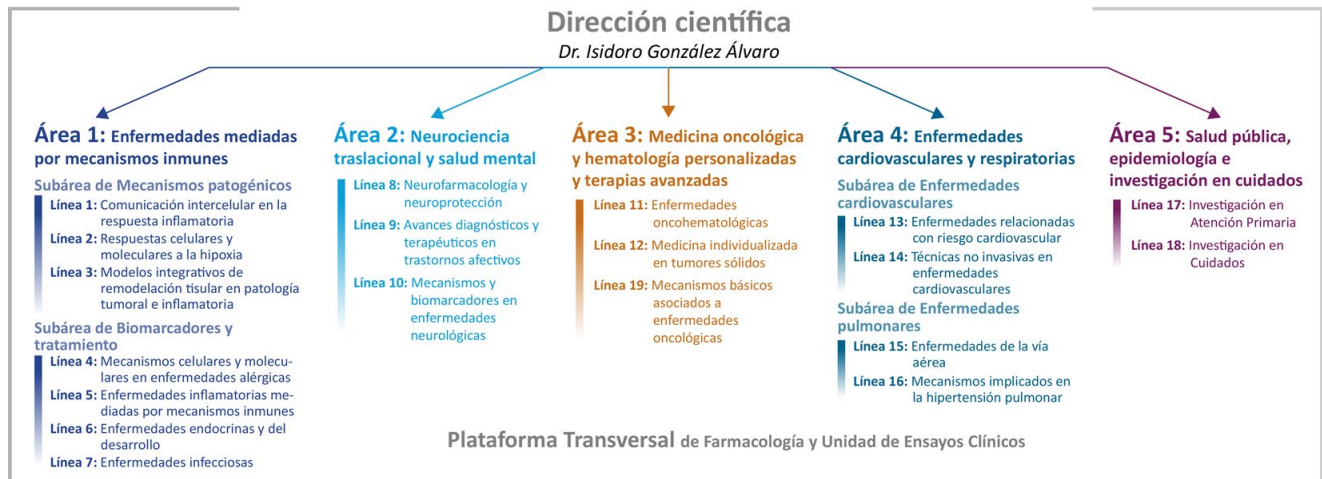

- Título de Doctor/a obtenido entre el 1 de enero de 2014 y el 31 de diciembre de 2021.
- Antes de 2014 según periodos de maternidad/paternidad, riesgo en embarazo, incapacidad temporal prolongada o atención a personas dependientes.

Qué ofrece el programa Miguel Servet del ISCIII:

- Incorporación mediante contrato laboral por 5 años en la categoría de Investigador/a Asociado/a (salario base bruto 40.500 € + actualizaciones).
- Ayuda adicional de 40.000 € para cubrir los gastos de la persona investigadora contratada y directamente relacionados con la ejecución de sus actividades de investigación.
- Tras evaluación positiva final, se creará un puesto de trabajo de carácter permanente con la categoría de Investigador Titular, con un salario superior de 55.000 € (salario base bruto + carrera profesional + actualizaciones).
- Incorporación en las áreas a priorizar (Áreas 2, 3 y 4) entre las cinco en que se organiza el Instituto (ver más adelante).

Qué se evalúa para acceder al programa Miguel Servet:

- Hasta 10 publicaciones con resultados originales desde 2021 (incluido, ampliable según supuestos) – 45 puntos.
- Otros méritos (movilidad, FSE, programa completo Río Hortega, proyectos, actividades de innovación y de transferencia, divulgación de ciencia para la sociedad...) – 25 puntos.
- Calidad de la propuesta, adecuación de la propuesta al programa, viabilidad y oportunidad – 30 puntos.

Cómo contactar y solicitar:

Enviar a iis.hlpr@salud.madrid.org antes del 2 de febrero de 2026:

- CV abreviado y adaptado a los criterios de evaluación de la siguiente página de esta expresión de interés.
- Propuesta de investigación, indicando:
 - Línea fundamental de tu conocimiento.
 - ¿Qué área del Instituto podrías potenciar? (Entre las áreas priorizadas, es decir, Áreas 2, 3 y 4).
 - ¿Cómo interaccionarías con las otras áreas?
 - ¿Qué tecnología o metodología aportarías para fortalecer el Instituto?

Tras evaluación por el Comité Científico Interno, se elegirá a la persona candidata, quien, tras aprobación por el Patronato, presentará la solicitud al ISCIII del 11 de febrero al 4 de marzo de 2026.

MIGUEL SERVET EVALUATION SCORES 2025

CANDIDATE: 0-70 POINTS												
PAPERS 2020-deadline call Main author: signs as 1st, seniors or corresponding author. A maximum of three co-first, co-senior or co-corresponding author will be taken into account for consideration.	0-45	10 publications, 4,5 points max /publication In each publication, consideration will be given to the narrative justification of the following items: • Relevance of the article in the field of knowledge: The relative position of the journal and the narrative justification of citations will be evaluated (standardized citation, position indicators, contextualization of the citation in relation to the interaction between disciplines, prestige of the international or national institutions that cite it, in accordance with the guide and video 'Indicators for Defending Scientific Impact in ISCIII Calls'), indicating the date of consultation * • Impact, potential or actual, of the results on innovation or basic, translational or clinical application • Place occupied by the candidate in the publication (the first, last and corresponding author positions will be especially valued) and role played in the manuscript • Coherence between the selected publication and the research career and in relation to the submitted proposal. Special consideration will be given to those publications that are among the 10% of the most cited worldwide in their area.

** International mobility. National mobility should be between Autonomous Communities in order to be evaluated. Long research stays without scientific production will not be considered excellent.

10 PUBLICATIONS CONTAINING ORIGINAL RESULTS (2020-deadline call)

Press publications duly accredited by full text and letter from the editor with the date of acceptance of the manuscript (YES) Chapters of books, supplements, publications submitted or under review (NO)
GROUP SIGN/CONSORTIUM (NO)

Papers must be attached to the application if they are not open access.

We are seeking reseachers to jooin IIS-Princesa through the Miguel Servet programme

We are seeking:

PhD researchers with the potential to lead their own lines of basic, translational and/or clinical research and to energise one or more areas of the La Princesa Health Research Institute.

Requirements:

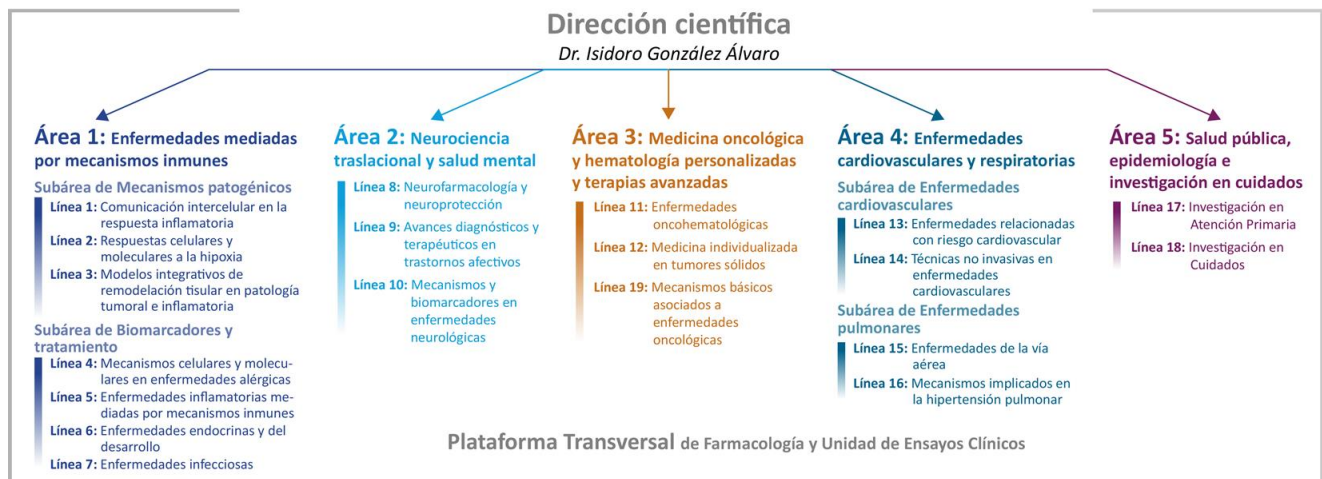

- PhD degree obtained between 1 January 2014 and 31 December 2021.
- Before 2014 in cases of maternity/paternity leave, pregnancy risk, prolonged temporary incapacity, or care of dependent persons.

What the ISCIII Miguel Servet programme offers:

- Appointment under a 5-year employment contract in the category of Associate Researcher (gross base salary €40,500 + updates).
- Additional funding of €40,000 to cover costs of the contracted researcher directly related to the execution of their research activities.
- Following a positive final evaluation, a permanent position will be created in the category of Senior Researcher, with a salary above €55,000 (gross base salary + career progression + updates).
- Appointment in the priority areas (Areas 2, 3 and 4) among the five areas into which the Institute is organised (see below).

What is assessed to access the Miguel Servet programme:

- Up to 10 publications with original results since 2021 (inclusive, extendable under certain circumstances) – 45 points.
- Other merits (mobility, specialised healthcare training, full Río Hortega programme, projects, innovation and knowledge transfer activities, science communication for society, etc.) – 25 points.
- Quality of the proposal, suitability of the proposal for the programme, feasibility and timeliness – 30 points.

How to contact and apply:

Send to iis.hlpr@salud.madrid.org **before 2 February 2026:**

- A brief CV adapted to the evaluation criteria on the following page of this expression of interest.
- Research proposal, indicating:
 - Your main line of expertise.
 - Which area of the Institute could you strengthen? (Among the priority areas, i.e., Areas 2, 3 and 4).
 - How would you interact with the other areas?
 - What technology or methodology would you bring to strengthen the Institute?

Following evaluation by the Internal Scientific Committee, the candidate will be selected and, after approval by the Board of Trustees, will submit the application to ISCIII from 11 February to 4 March 2026.
